“I am delighted to support the new teaching laboratories, and hope that all who care about the future of chemistry, and of Oxford Chemistry in particular, will consider donating to this important project.”

Professor Peter Atkins

Dedicate your fume hood and make a gift today by using the enclosed giving form, or visit www.campaign.ox.ac.uk/chemistry for an online donation. All gifts received will make a valuable contribution to the future of practical chemistry training at Oxford.

Thank you

How will you help shape the future of practical chemistry training at Oxford?

Oxford’s Department of Chemistry is one of the world’s largest and most successful chemistry departments. Our vision for the future of chemistry at Oxford ensures our undergraduate students will be taught in world-leading laboratory facilities benefiting from high specification equipment. These new laboratories will enable students to underpin and enhance their theoretical learning through novel interdisciplinary experiments in an environment that encourages collaboration.

Your gift will help us to acquire specialist instruments to equip the new state-of-the-art analytical suite, including multinuclear NMR, X-ray diffraction, and advanced spectroscopy and mass spectrometry facilities. It will also provide benchtop NMR, IR, and UV-vis spectrometers for routine sample analysis within the synthetic labs, as well as high specification fume hoods and chemical synthesis equipment.

Please support the Department of Chemistry by making a gift today … visit www.campaign.ox.ac.uk/chemistry

HONOUR 100 YEARS OF UNDERGRADUATE TEACHING IN THE DYSON PERRINS LABORATORY – DEDICATE A FUME HOOD

To mark the centenary of the Dyson Perrins Laboratory, we have created the special opportunity for you to celebrate 100 years of undergraduate teaching by dedicating one of the bespoke fume hoods in the new teaching laboratories.

You can dedicate your fume hood with a gift of £1,916.

Gifts can be made in monthly, quarterly, bi-annual or annual instalments.*

What will your dedication be?

*Gifts should be fulfilled within 2 years.
